an historical geography of europe represents the first multi authored comprehensive study on the subject it provides the reader with an analytical and explanatory account of european historical geography from classical times to the modern period including the vast changes to landscape settlements population and in political and cultural structures and character that have taken place since 1500 the book takes account of the vast volume of relevant research and literature that has been published over the past two or three decades in order to achieve a unique coverage and synthesis of this very broad range of evidence and opinion and has tried to engage with many of the main themes and debates to give a clear indication of changing ideas and interpretations of the subject this book brings together british and european authors from a number of disciplines who have considerable distinction in the various fields of historical geography and related fields including a significant number who have already written on the wider problem of european historical geography it is amply illustrated with maps and diagrams to present many of the issues in a visual form

using palestine as a case study recognition politics in settler colonial states shows how recognition politics operate to legitimize long standing colonial power structures in existing scholarship recognition has been seen as an asset coveted by indigenous communities this book forwards a new theoretically ground

breaking perspective emile badarin shows that in colonial contexts settlers use recognition to legitimize and normalize the dispossession and elimination of indigenous people more than this settler colonial states themselves actively pursue recognition employing it as a means to further the elimination of the indigenous societies they seek to replace in making the case the book critically examines the euromodern categories of race racism and racial hierarchies and draws new conclusions about the interplay between colonialism racism and zionism central to this analysis is how anti zionism has been strategically equated with anti semitism and effectively used as a tool for the advancement of both settler colonialism in palestine and israel s recognition on the international stage the book delves into indigenous normative resistance against colonial recognition politics through the lens of the palestinian practice of umud steadfastness extracting its philosophy of liberation as a pathway towards a decolonial future for all in palestine and beyond
